After graduation options

- Join the best Masters programmes in the world and take advantage of our network of partner universities across the globe
- Applay for one of our specialised MSc programmes
- Try corporate life and/or engage in graduate programmes

"The BSc programme gives you a 'taste' of every aspect of management, from Financial Reporting to Behavioural Psychology and even Coding. It allows **each student to find his individual** strengths and passions.
Many of my friends discovered **completely new fields during classes,** in which they are now pursuing their careers. For me, this module was Corporate Social Responsibility."

"In the beginning, I had no idea how to build a company (and I am still learning), but ESCP provided structure to my startup process.
We learned how to create business models, do accounting and create marketing materials. Other topics, such as statistics and law, were covered adequately to understand fundamental principles that helped to get advice from someone with a more thorough understanding."
